

Simon and Sarah's leaving song words (Arranged by Caren Simkins) **to**

One more step along the world I go:

One more step into your pastures new
More we know we're going to miss you two

You have shared in all you give
Teaching us about the life to live

And it's from the old you travel to the new

Please take care in all you do.

More and more of us are sad to see
You move on to what you want to be
As you've brought such warmth and care
Now we know it's you we have to share

And it's from the old you travel to the new

Please take care in all you do.

Round the corner lies a world unknown
In your prayers we know that God has shown
You the way to go, our friends
He will lead you there we can depend

And it's from the old you travel to the new

Please take care in all you do.

You have given us your last ten years
We can show you what that's meant with tears
But we'll send you off with glee
Singing your praises for the world to see

And it's from the old you travel to the new

Please take care in all you do.

Now we have to say goodbye to you
We have learned so much by what you do
From the love which you have shared
Keep us loving the same way you cared

And it's from the old you travel to the new

Please take care in all you do.
